Mill Street 66 feet wide bearing N 23° W and running between lots 160 & 165 and the lots North thereof from South Street to North Street. Hill Street 66 feet wide bearing N 23° W and running between lot 53 & tract G and the lots North thereof from Main Street to North Street. East Street 66 feet wide bearing N 23° W and running between lots 53 & 54 and the lots North thereof from Main Street to North Street. There is also a short Street 66 feet wide bearing N 23° W running between Market Square & lot 39 and the lots on the Basin North thereof. There is an Alley or Street 40 feet wide bearing S 33° E and running between lots 1 & 7 & the lots South thereof to the North line of North Street. Also an Alley 40 feet wide bearing S 5° W and running between Tracts A and lot 13 & the lots South thereof to the North line of North Street. Also an Alley 30 feet wide bearing S 23° E and running between lot 11 and part of lots 117 & 118 from the middle of the South end of West Street to the North line of lot 119. Also an Alley 20 feet wide bearing S 23° E and running between lots 76 & 77 & the lots South thereof to the North line of Tract H. Also an Alley 20 feet wide bearing N 67° E and running between lots 66 & 70 and the lots East thereof from West Street to Canal Street. There is an Alley 30 feet wide bearing N 67° E and running between lots 121 & 129 & the lots East thereof from West Street to Canal Street. Also an Alley 30 feet wide bearing N 67° E between lots 37 & 38. Also an Alley 10 feet wide along the West side of the Basin bearing S 23° E to lot 39 & thence N 67° E between the Basin and North line of lot 39. Also an Alley 10 feet wide along the East side of the Basin. Also an Alley 10 feet wide between lot 40 and the Basin. Also an Alley 30 feet wide between lots 42 & 43. Also an Alley 20 feet wide between lot 11 and the Canal. Also an Alley 40 feet wide between lots 40 & 44 from Main Street to the Basin. Also an Alley 16 feet wide bearing S 23° E between lots 46 & 47 and the lots South thereof from Plum Street to South Street. Also an Alley 20 feet wide bearing S 23° E along the East line of lot 138 & the lots South thereof to the South line of the Town Plat. Also an Alley 20 feet wide bearing N 67° E between lots 142 & 143 and between lots 147 & 148 & the lots East thereof to the East line of the Plat. Also an Alley 20 feet wide bearing N 67° E between lots 86 & 87 and the lots East thereof to Mill Street and thence continuing the same course along the South line of Tract D and along the South line of the lots East thereof to the 40 feet Alley between 110 & 111. Also an Alley 16 feet wide bearing S 23° E between lots 26 & 27 and between lot 50 & Tract C. Also an Alley 20 feet wide bearing S 23° E between lots 103 & 106 and an Alley 20 feet wide between lots 106 & 107. Also an Alley 40 feet wide bearing S 23° E between lots 56 & 57 and between lots 110 & 111 and along the West line of lot 111 to the South line of the Plat. There is also an Alley 40 feet wide bearing S 23° E between lots 59 & 60 and between lots 113 & 114. Also a 10 feet Alley between the Canal & lot 84 & the lots South thereof to Charles Street. The ground lying North of Plum Street and between the Canal and Erie Street is appropriated for Common and for widening the Canal when expedient. The ground lying between lots 63 & 32 & the River and thence up the River on the Margin thereof between said River and the surveyed lots to North Street is appropriated for Streets and Commons. The ground lying on the West side of the Canal low path between said low path & lot 39 and between Main Street and the Basin is appropriated for Common & landing place. The ground lying between Mill Street and Tract D is 74 feet wide E. & W. & 440 feet long N. & S. exclusive of a 20 feet Alley on the South part - and is appropriated for Commons. Market Square as before described is appropriated for the use of a Market. Seven large sand stones are placed in the ground in the line of some of the principal Streets and Alleys for the purpose of perpetuating the boundaries thereof as follows, viz. One at the intersection of the Center line of West Street with the South line of Main Street. One at the intersection of the Center line of Erie Street with the South line of Main Street. One at the intersection of the Center line of a 40 feet Alley between lots 113 & 111 with the South line of Main Street. One at the intersection of the Center line of Erie Street with the South line of Charles Street. One at the intersection of the Center line of Erie Street with the North line of Charles Street. One at the intersection of the Center line of Mill Street with the South line of North Street. Underneath the Center line of a 40 feet Alley or Street through the Marsh said Stone bears S 57° W twenty feet from the North West Corner of lot No 10. The above said sand stones are generally about 2 1/2 feet long and about one foot square placed endwise in the ground the top about half a foot below the present surface - and each has a hole drilled in the top for the purpose of setting a Jacob Staff when necessary with a cross line chiseled in the top thereof. For a further view of the Survey & Allotment of the foregoing Town Plat see the Map accompanying this of said Plat. The foregoing survey made in the Month of May 1826 for Messrs James Duncan & Frederick & Lewis Hurxthal by Joshua Henshaw Surveyor. Lot No 106 is reserved for a site to be occupied by an Episcopal Church & will be given for that purpose whenever a society of that denomination shall be prepared and will engage to build thereon a Church of respectable size & appearance.

Recd & Recorded 6 December 1826

West Massillon

Scale 1"=100'
11 3/4 63
