

STARK COUNTY METROPOLITAN SEWER DISTRICT
SANITARY ENGINEERING DEPARTMENT

Permit for Sewer Connection

Permit No. 47645

I understand that the connection charge shown below was calculated based on information furnished to your office by me. Further, understand that if, subsequent to the issuance of a permit and/or connection completion and approval, the use of the serviced premises changes additional applicable connection charges will be levied in accordance with the regulations of the Stark County Metropolitan Sewer District.

The undersigned hereby applies to construct a sewer connection from the premises described to the sewer and branch mentioned, and agrees that the construction and use of such sewer shall be strictly in accordance with the rules and regulations of the County Sanitary Engineering Department. I/we agree that I/we will be responsible for any damage or claims of any nature arising out of the construction of said connection, or the excavation therefore, and will warrant and defend the County of Stark, its Officers and Agents, against all such damages or claims, that I/we furnish and maintain proper barricades and lights for the protection of the public and that I/we will immediately refill and resurface all excavations and all settlements, and will pay to the County, the cost of any clearing up removal of dirt or rubbish, refilling or resurfacing ordered or done by the County, over or around the excavation for this connection, within one year of acceptance of this work.

I/we specifically agree that no roof or footer drains, surface water or other prohibited waste shall be discharged into this connection.

The application and permit expire one year from the date of issuance. A fee of \$ 50.00 and the difference between area charges from the time of issuance to the time of re-issuance will be due in order to renew the application and permit.

Permit for Sewer Connection

Permit No. 47931

I understand that the connection charge shown below was calculated based on information furnished to your office by me. Further, understand that if, subsequent to the issuance of a permit and/or connection completion and approval, the use of the serviced premises changes additional applicable connection charges will be levied in accordance with the regulations of the Stark County Metropolitan Sewer District.

The undersigned hereby applies to construct a sewer connection from the premises described to the sewer and branch mentioned, and agrees that the construction and use of such sewer shall be strictly in accordance with the rules and regulations of the County Sanitary Engineering Department. I/we agree that I/we will be responsible for any damage or claims of any nature arising out of the construction of said connection, or the excavation therefore, and will warrant and defend the County of Stark, its Officers and Agents, against all such damages or claims, that I/we furnish and maintain proper barricades and lights for the protection of the public and that I/we will immediately refill and resurface all excavations and all settlements, and will pay to the County, the cost of any clearing up removal of dirt or rubbish, refilling or resurfacing ordered or done by the County, over or around the excavation for this connection, within one year of acceptance of this work.

I/we specifically agree that no roof or footer drains, surface water or other prohibited waste shall be discharged into this connection.

The application and permit expire one year from the date of issuance. A fee of \$ 50.00 and the difference between area charges from the time of issuance to the time of re-issuance will be due in order to renew the application and permit.

I understand that the connection charge shown below was calculated based on information furnished to your office by me. Further, I understand that if, subsequent to the issuance of a permit and/or connection completion and approval, the use of the serviced premises changes, additional applicable connection charges will be levied in accordance with the regulations of the Stark County Metropolitan Sewer District.

The undersigned hereby applies to construct a sewer connection from the premises described to the sewer and branch mentioned, and agrees that the construction and use of such sewer shall be strictly in accordance with the rules and regulations of the County Sanitary Engineering Department. I/we agree that I/we will be responsible for any damage or claims of any nature arising out of the construction of said connection, or the excavation therefore, and will warrant and defend the County of Stark, its Officers and Agents, against all such damages or claims, that I/we furnish and maintain proper barricades and lights for the protection of the public and that I/we will immediately refill and resurface all excavations and all settlements, and will pay to the County, the cost of any clearing up, removal of dirt or rubbish, refilling or resurfacing ordered or done by the County, over or around the excavation for this connection, within one year of acceptance of this work.

I/we specifically agree that no roof or footer drains, surface water or other prohibited waste shall be discharged into this connection.

The application and permit expire one year from the date of issuance. A fee of \$ 50.00 and the difference between area charges from the time of issuance to the time of re-issuance will be due in order to renew the application and permit.

Further, I understand that if, subsequent to the issuance of a permit and/or connection completion and approval, the use of the serviced premises change additional applicable connection charges will be levied in accordance with the regulations of the Stark County Metropolitan Sewer District.

The undersigned hereby applies to construct a sewer connection from the premises described to the sewer and branch mentioned, and agrees that the construction and use of such sewer shall be strictly in accordance with the rules and regulations of the County Sanitary Engineering Department. I/we agree that I/we will be responsible for any damage or claims of any nature arising out of the construction of said connection, or the excavation therefore, and will warrant and defend the County of Stark, its Officers and Agents, against all such damages or claims, that I/we furnish and maintain proper barricades and lights for the protection of the public and that I/we will immediately refill and resurface all excavations and all settlements, and will pay to the County, the cost of any clearing up removal of dirt or rubbish, refilling or resurfacing ordered or done by the County, over or around the excavation for this connection, within one year of acceptance of this work.

I/we specifically agree that no roof or footer drains, surface water or other prohibited waste shall be discharged into this connection.

The application and permit expire one year from the date of issuance. A fee of \$ 50.00 and the difference between area charges from the time of issuance to the time of re-issuance will be due in order to renew the application and permit.

Permit for Sewer Connection

Permit No. 47994

I understand that the connection charge shown below was calculated based on information furnished to your office by me. Further, I understand that if, subsequent to the issuance of a permit and/or connection completion and approval, the use of the serviced premises changes additional applicable connection charges will be levied in accordance with the regulations of the Stark County Metropolitan Sewer District.

The undersigned hereby applies to construct a sewer connection from the premises described to the sewer and branch mentioned, and agrees that the construction and use of such sewer shall be strictly in accordance with the rules and regulations of the County Sanitary Engineering Department. I/we agree that I/we will be responsible for any damage or claims of any nature arising out of the construction of said connection, or the excavation therefore, and will warrant and defend the County of Stark, its Officers and Agents, against all such damages or claims, that I/we furnish and maintain proper barricades and lights for the protection of the public and that I/we will immediately refill and resurface all excavations and all settlements, and will pay to the County, the cost of any clearing up removal of dirt or rubbish, refilling or resurfacing ordered or done by the County, over or around the excavation for this connection, within one year of acceptance of this work.

I/we specifically agree that no roof or footer drains, surface water or other prohibited waste shall be discharged into this connection.

The application and permit expire one year from the date of issuance. A fee of \$ 50.00 and the difference between area charges from the time of issuance to the time of re-issuance will be due in order to renew the application and permit.

Permit for Sewer Connection

Permit No. 48032

I understand that the connection charge shown below was calculated based on information furnished to your office by me. Further, I understand that if, subsequent to the issuance of a permit and/or connection completion and approval, the use of the serviced premises changes, additional applicable connection charges will be levied in accordance with the regulations of the Stark County Metropolitan Sewer District.

The undersigned hereby applies to construct a sewer connection from the premises described to the sewer and branch mentioned, and agrees that the construction and use of such sewer shall be strictly in accordance with the rules and regulations of the County Sanitary Engineering Department. I/we agree that I/we will be responsible for any damage or claims of any nature arising out of the construction of said connection, or the excavation therefore, and will warrant and defend the County of Stark, its Officers and Agents, against all such damages or claims, that I/we furnish and maintain proper barricades and lights for the protection of the public and that I/we will immediately refill and resurface all excavations and all settlements, and will pay to the County, the cost of any clearing up, removal of dirt or rubbish, refilling or resurfacing ordered or done by the County, over or around the excavation for this connection, within one year of acceptance of this work.

I/we specifically agree that no roof or footer drains, surface water or other prohibited waste shall be discharged into this connection.

The application and permit expire one year from the date of issuance. A fee of \$ 50.00 and the difference between area charges from the time of issuance to the time of re-issuance will be due in order to renew the application and permit.

Permit for Sewer Connection

Permit No. **48079**

I understand that the connection charge shown below was calculated based on information furnished to your office by me. Further, I understand that if, subsequent to the issuance of a permit and/or connection completion and approval, the use of the serviced premises changes, additional applicable connection charges will be levied in accordance with the regulations of the Stark County Metropolitan Sewer District.

The undersigned hereby applies to construct a sewer connection from the premises described to the sewer and branch mentioned, and agrees that the construction and use of such sewer shall be strictly in accordance with the rules and regulations of the County Sanitary Engineering Department. I/we agree that I/we will be responsible for any damage or claims of any nature arising out of the construction of said connection, or the excavation therefore, and will warrant and defend the County of Stark, its Officers and Agents, against all such damages or claims, that I/we furnish and maintain proper barricades and lights for the protection of the public and that I/we will immediately refill and resurface all excavations and all settlements, and will pay to the County, the cost of any clearing up, removal of dirt or rubbish, refilling or resurfacing ordered or done by the County, over or around the excavation for this connection, within one year of acceptance of this work.

I/we specifically agree that no roof or footer drains, surface water or other prohibited waste shall be discharged into this connection.

The application and permit expire one year from the date of issuance. A fee of \$ 50.00 and the difference between area charges from the time of issuance to the time of re-issuance will be due in order to renew the application and permit.

Permit for Sewer Connection

Permit No. 48104

I understand that the connection charge shown below was calculated based on information furnished to your office by me. Further, I understand that if, subsequent to the issuance of a permit and/or connection completion and approval, the use of the serviced premises changes, additional applicable connection charges will be levied in accordance with the regulations of the Stark County Metropolitan Sewer District.

The undersigned hereby applies to construct a sewer connection from the premises described to the sewer and branch mentioned, and agrees that the construction and use of such sewer shall be strictly in accordance with the rules and regulations of the County Sanitary Engineering Department. I/we agree that I/we will be responsible for any damage or claims of any nature arising out of the construction of said connection, or the excavation therefore, and will warrant and defend the County of Stark, its Officers and Agents, against all such damages or claims, that I/we furnish and maintain proper barricades and lights for the protection of the public and that I/we will immediately refill and resurface all excavations and all settlements, and will pay to the County, the cost of any clearing up, removal of dirt or rubbish, refilling or resurfacing ordered or done by the County, over or around the excavation for this connection, within one year of acceptance of this work.

I/we specifically agree that no roof or footer drains, surface water or other prohibited waste shall be discharged into this connection.

The application and permit expire one year from the date of issuance. A fee of \$ 50.00 and the difference between area charges from the time of issuance to the time of re-issuance will be due in order to renew the application and permit.

Permit No. 48133

I understand that the connection charge shown below was calculated based on information furnished to your office by me. Further, I understand that if, subsequent to the issuance of a permit and/or connection completion and approval, the use of the serviced premises changes, additional applicable connection charges will be levied in accordance with the regulations of the Stark County Metropolitan Sewer District.

The undersigned hereby applies to construct a sewer connection from the premises described to the sewer and branch mentioned, and agrees that the construction and use of such sewer shall be strictly in accordance with the rules and regulations of the County Sanitary Engineering Department. I/we agree that I/we will be responsible for any damage or claims of any nature arising out of the construction of said connection, or the excavation therefore, and will warrant and defend the County of Stark, its Officers and Agents, against all such damages or claims, that I/we furnish and maintain proper barricades and lights for the protection of the public and that I/we will immediately refill and resurface all excavations and all settlements, and will pay to the County, the cost of any clearing up, removal of dirt or rubbish, refilling or resurfacing ordered or done by the County, over or around the excavation for this connection, within one year of acceptance of this work.

I/we specifically agree that no roof or footer drains, surface water or other prohibited waste shall be discharged into this connection.

The application and permit expire one year from the date of issuance. A fee of \$ 50.00 and the difference between area charges from the time of issuance to the time of re-issuance will be due in order to renew the application and permit.

Further, I understand that if, subsequent to the issuance of a permit and/or connection completion and approval, the use of the serviced premises changes, additional applicable connection charges will be levied in accordance with the regulations of the Stark County Metropolitan Sewer District.

The undersigned hereby applies to construct a sewer connection from the premises described to the sewer and branch mentioned, and agrees that the construction and use of such sewer shall be strictly in accordance with the rules and regulations of the County Sanitary Engineering Department. I/we agree that I/we will be responsible for any damage or claims of any nature arising out of the construction of said connection, or the excavation therefore, and will warrant and defend the County of Stark, its Officers and Agents, against all such damages or claims, that I/we furnish and maintain proper barricades and lights for the protection of the public and that I/we will immediately refill and resurface all excavations and all settlements, and will pay to the County, the cost of any clearing up, removal of dirt or rubbish, refilling or resurfacing ordered or done by the County, over or around the excavation for this connection, within one year of acceptance of this work.

I/we specifically agree that no roof or footer drains, surface water or other prohibited waste shall be discharged into this connection.

The application and permit expire one year from the date of issuance. A fee of \$ 50.00 and the difference between area charges from the time of issuance to the time of re-issuance will be due in order to renew the application and permit.

Permit for Sewer Connection

Permit No. 48186

I understand that the connection charge shown below was calculated based on information furnished to your office by me. Further, I understand that if, subsequent to the issuance of a permit and/or connection completion and approval, the use of the serviced premises changes, additional applicable connection charges will be levied in accordance with the regulations of the Stark County Metropolitan Sewer District.

The undersigned hereby applies to construct a sewer connection from the premises described to the sewer and branch mentioned, and agrees that the construction and use of such sewer shall be strictly in accordance with the rules and regulations of the County Sanitary Engineering Department. I/we agree that I/we will be responsible for any damage or claims of any nature arising out of the construction of said connection, or the excavation therefore, and will warrant and defend the County of Stark, its Officers and Agents, against all such damages or claims, that I/we furnish and maintain proper barricades and lights for the protection of the public and that I/we will immediately refill and resurface all excavations and all settlements, and will pay to the County, the cost of any clearing up, removal of dirt or rubbish, refilling or resurfacing ordered or done by the County, over or around the excavation for this connection, within one year of acceptance of this work.

I/we specifically agree that no roof or footer drains, surface water or other prohibited waste shall be discharged into this connection.

The application and permit expire one year from the date of issuance. A fee of \$ 50.00 and the difference between area charges from the time of issuance to the time of re-issuance will be due in order to renew the application and permit.

Permit for Sewer Connection

Permit No. **48201**

I understand that the connection charge shown below was calculated based on information furnished to your office by me. Further, I understand that if, subsequent to the issuance of a permit and/or connection completion and approval, the use of the serviced premises changes, additional applicable connection charges will be levied in accordance with the regulations of the Stark County Metropolitan Sewer District.

The undersigned hereby applies to construct a sewer connection from the premises described to the sewer and branch mentioned, and agrees that the construction and use of such sewer shall be strictly in accordance with the rules and regulations of the County Sanitary Engineering Department. I/we agree that I/we will be responsible for any damage or claims of any nature arising out of the construction of said connection, or the excavation therefore, and will warrant and defend the County of Stark, its Officers and Agents, against all such damages or claims, that I/we furnish and maintain proper barricades and lights for the protection of the public and that I/we will immediately refill and resurface all excavations and all settlements, and will pay to the County, the cost of any clearing up, removal of dirt or rubbish, refilling or resurfacing ordered or done by the County, over or around the excavation for this connection, within one year of acceptance of this work.

I/we specifically agree that no roof or footer drains, surface water or other prohibited waste shall be discharged into this connection.

The application and permit expire one year from the date of issuance. A fee of \$ 50.00 and the difference between area charges from the time of issuance to the time of re-issuance will be due in order to renew the application and permit.

Permit for Sewer Connection

Permit No. **48231**

I understand that the connection charge shown below was calculated based on information furnished to your office by me. Further, I understand that if, subsequent to the issuance of a permit and/or connection completion and approval, the use of the serviced premises changes, additional applicable connection charges will be levied in accordance with the regulations of the Stark County Metropolitan Sewer District.

The undersigned hereby applies to construct a sewer connection from the premises described to the sewer and branch mentioned, and agrees that the construction and use of such sewer shall be strictly in accordance with the rules and regulations of the County Sanitary Engineering Department. I/we agree that I/we will be responsible for any damage or claims of any nature arising out of the construction of said connection, or the excavation therefore, and will warrant and defend the County of Stark, its Officers and Agents, against all such damages or claims, that I/we furnish and maintain proper barricades and lights for the protection of the public and that I/we will immediately refill and resurface all excavations and all settlements, and will pay to the County, the cost of any clearing up, removal of dirt or rubbish, refilling or resurfacing ordered or done by the County, over or around the excavation for this connection, within one year of acceptance of this work.

I/we specifically agree that no roof or footer drains, surface water or other prohibited waste shall be discharged into this connection.

The application and permit expire one year from the date of issuance. A fee of \$ 50.00 and the difference between area charges from the time of issuance to the time of re-issuance will be due in order to renew the application and permit.
