SANITARY ENGINEERING DEPARTMENT

Permit for Sewer Disconnection

Permit No. 2036 ✓  
720666

The undersigned hereby ask permission to disconnect a sewer connection at the premises herein described from the sewer and branch mentioned, and agree that the disconnection shall be strictly in accordance with the rules and regulations of the County Sanitary Engineering Department. We agree that we will be responsible for any damage or claims of any nature arising out of the disconnection, or the excavation therefor, and will warrant and defend the County of Stark, its officers and agents, against all such damages or claims that we will furnish and maintain proper barricades and lights for the protection of the public and that we will immediately refill and resurface all excavations and all settlements that may occur within one year from the acceptance of the work, and will pay to the County the cost of any cleaning up, removal of dirt or rubbish, refilling or resurfacing ordered or done by the County Commissioners within one year over or around the excavation for this disconnection.

We further agree to schedule the disconnect with the Stark County Sanitary Engineer's Permit Office 24 hours before the disconnection will occur and also agree that if inspection personnel are not present to witness the exposed disconnection, that the property will continue to receive and be responsible for the sewer bill.

Disconnection must be made at the property line abutting the existing sanitary sewer main line to which connection previously was made. We also agree that no liquids of any sort will enter into this disconnection. Permission is hereby granted for the sewer disconnection, above described, to be disconnected under the conditions stated.
