File Number: 0614-012
Stark County

Dear Mr. Smith:

On December 4, 2017, the ODNR Division of Water Resources received your letter with a schedule attached outlining how the dam would be modified to no longer fall under the jurisdiction of the Division of Water Resources. The schedule states that the modifications will begin on January 19, 2018 and be completed by June 15, 2018. The schedule outlines an acceptable time frame for completing the requirements of Chief's Order Number 2017-101; therefore, the schedule is approved.

Please have your staff contact Assistant Chief Rodney Tornes of the ODNR Division of Water Resources at 614-265-6737 approximately 48 hours prior to construction and if you have any questions.

With regards,
