

This is a survey map showing several land parcels. At the top, a legend indicates that a dashed line denotes a lot line from a tax map, specifically a 94-foot wide section.

The map features two main streets: **GREEN AVE. S.W.** running diagonally from the upper left towards the center, and **WALNUT ROAD S.W.** running horizontally at the bottom. To the right, there is another street labeled **STREET**, which appears to be 12th Street based on the "12th" label nearby.

Several lots are identified by numbers: 3004, 3005, 3006, 3007, 3010, 3023, 3024, 3025, and 3026. Lot 3025 is specifically noted as "**Lands of Moore**".

The map contains numerous precise measurements:

- Distances:** Various lengths are given in feet (e.g., 40.75', 50', 81.50', 131.50' Meas., 142.75' Meas., 162.75' Meas.) and meters (e.g., 64.04 M., 171.30 M.).
- Bearings:** Some boundaries are defined by bearings, such as $111^{\circ}0'-22"-40"$.
- Survey Points:** Several points are marked with circles and labeled "I. Pin Fnd." (Iron Pin Found).
- Bar Sets:** Indications like "I. Bar Set" suggest where iron bars were set during the survey.
- Dashed Lines:** These represent lot lines from the tax map, notably a 94-foot wide section.

A north arrow is located in the upper right corner, pointing towards the top of the page.
