Plan Review - Submittal #2

Dear Gillespie:

The Storm Water Pollution Prevention Plan has been reviewed and approved and will be used as a reference when inspecting this site during construction.

1. A pre-construction meeting is required prior to starting any earthwork on the site. Please have your contractor contact our inspector, Bethany Perkowski at 330-830-7700, 130 to schedule a time. In addition, you must have plan approval from the Massillon City Engineer prior to scheduling the meeting.

Thank you for your cooperation. Please call the office at 330-830-7700, 127. with any questions.

Sincerely,

Julie Berbari  
Urban Coordinator
