Mr. H. C. Pontius
First Natl. Bank Bldg.
Canton, Ohio

Dear Mr. Pontius:

I wish to report that today we have met with Mr. Rosch of Mr. Portman's office and Burt Stoner and have checked into the pin as set by Mr. Stoner on the north side of Lincoln Way East between the Baron-Lemon properties and ~~in~~ taking into consideration the decsion of Judge Switzer concerning this case, we agree as to the final location of the pin set by Mr. Stoner which gives 128.49 feet frontage for Miss Baron's property.

There is no additional charge for this service. Trusting that this will fulfill your requirements.

Yours very truly,

C. E. Rice & G. Wallace

Mr. Carl Rice
City Engineer
Massillon, Ohio

Dear Mr. Rice:

You will recall the case of Boron v. Lemmon, involving lots numbers 10449 and 10450 on Lincoln Way, East. I have represented Miss Boron.

Judge Sweitzer, following the trial of this case, held that in order to determine the disputed boundary line between the properties we should start at the point on the north line 60 feet west of the northeast corner of lot 10450, draw a line parallel with the east line of lot 10450 and the west line of lot 10449 to Lincoln Way, East. Now I understand that Burt Stoner, representing the Lemmons, has put a pin along the north boundary line of Lincoln Way, East, fixing this point.

Miss Boron has authorized me to have you check the location of this pin and if it is correct, so advise me and then give me the front measurement, that is, the Lincoln Way frontage, of her lot. I want this to incorporate in the journal entry so that there never can be any dispute in the event the City improves the street in front and so as to fix Miss Boron's exact frontage.

Will you please do this at your earliest convenience and send me your bill with your report.

Very truly yours,

H C Pontius
