FRANK C. TOLLES
CIVIL AND SANITARY ENGINEER
1120 SECOND NATIONAL BUILDING
AKRON, OHIO

DESIGNS
INVESTIGATIONS
CONSTRUCTION

June 28, 1923.

Mr. J. D. Reese,
Director of Public Service,
Massillon, Ohio.

Dear Sir:

I herewith submit a Report on Sanitary Trunk
Sewers for the City of Massillon, prepared in accordance
with your commission and as provided by Ordinance 1961
of Council.

The findings of the investigation made are
presented in the first two pages of the Report. Remain-
ing pages include a terse statement of technical details
of possible use to the Engineering Department of the City.

Attention is called to the necessity of securing
State Department of Health approval to any proposed
undertaking of the nature herein suggested. Suggestion
is made that this subject be presented to the Department
at an early date.

In concluding my commission as herewith, I
would express my sincere appreciation of the friendly
helpfulness afforded by all with whom this work occasion-
ed contact. Particular acknowledgement is due
Mr. Carleton E. Rice, City Engineer.

Very truly yours,

(Signed) Frank C. Tolles
